**»» GET MORE
GAIN MORE Action**

**Promotion: high performance TPM threading.
One Special Action, 4 saving options!**

Validity: from 1/06/2024 to 30/09/2024

nikkoTOOLS
SORMA CUTTING SOLUTIONS

➤➤ **GET MORE GAIN MORE**

MAKE YOUR CHOICE:

➤ **5 inserts for free**

Buy 30 pcs TPM threading inserts of the same article and get 5 pcs extra for free!

➤ **10 inserts for free**

Buy 50 pcs TPM threading inserts of the same article and get 10 pcs extra for free!

➤ **60 inserts at a very special price + 1 holder**

Buy 60 pcs TPM threading inserts (mixed articles) at a very special price.
...and just add 1 € you will get an additional internal or external holder *

➤ **60 inserts at a very special price + 1 Vortex Bar**

Buy 60 pcs TPM threading inserts (mixed articles) at a very special price.
...and just add 1 € you will get an additional Vortex Bar *

Please, always send us your orders for promo items using the **Promo Form** "NIKKO Tools – TPM" based on your preferred solution.

* THE PROMOTION IS VALID UNDER THESE CONDITIONS:

- It's possible to mix different types of threads and pitches, if only ground type is available MOQ and delivery times should be respected.
- It's not possible to order inserts with different dimensions. The order of inserts for internal and external threading is allowed only if they have the same dimension. MOQ for each article: 5 pcs

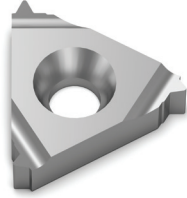

HURRY UP!

The promotion is valid until stock (inserts or holders) is available

Why choosing TPM inserts for threading?

- Advanced precise pressing technology is applied to achieve accurate profile and high performances cutting edges
- TPM chipbreaker guides the chips to a favored direction to ensure outstanding performances on steel, stainless steel, and super alloys
- Grades JP5125 and JP5120 provide excellent performances on difficult-to-cut materials (ISO **M S**)

Why choosing Vortex Bar?

- Special edge design for excellent chip evacuation, preventing clogging even with long chips
- High quality tool steel reduces vibrations even with significant overhang (max 5XD)
- Internal coolant channels on the full line-up
